Date of Enrollment: _____

CHILD'S APPLICATION FOR ENROLLMENT

To be completed, signed, and placed on file in the facility on the first day and updated as changes occur and at least annually

CHILD INFORMATION:

Date of Birth: _____

Full Name: _____
Last First Middle Nickname

Child's Physical

Address: _____

FAMILY INFORMATION:

Child lives with: _____

Father/Guardian's Name _____ Home Phone _____

Address (if different from child's) _____ Zip Code _____

Work Phone _____ Cell Phone _____

Mother/Guardian's Name _____ Home Phone _____

Address (if different from child's) _____ Zip Code _____

Work Phone _____ Cell Phone _____

CONTACTS:

Child will be released only to the parents/guardians listed above. The child can also be released to the following individuals, as authorized by the person who signs this application. In the event of an emergency, if the parents/guardians cannot be reached, the facility has permission to contact the following individuals.

Name	Relationship	Address	Phone Number

HEALTH CARE NEEDS:

For any child with health care needs such as allergies, asthma, or other chronic conditions that require specialized health services, a medical action plan shall be attached to the application. The medical action plan must be completed by the child's parent or health care professional. Is there a Medical action plan attached? Yes ___ No ___ (Medical action plan must be updated on an annual basis and when changes to the plan occur)

List any allergies and the symptoms and type of response required for allergic reactions. _____

List any health care needs or concerns, symptoms of and type of response for these health care needs or concerns _____

List any particular fears or unique behavior characteristics the child has _____

List any types of medication taken for health care needs _____

Share any other information that has a direct bearing on assuring safe medical treatment for your child _____

EMERGENCY MEDICAL CARE INFORMATION:

Name of health care professional _____ Office Phone _____

Hospital preference _____ Phone _____

I, as the parent/guardian, authorize the center to obtain medical attention for my child in an emergency.

Signature of Parent/Guardian _____ Date _____

I, as the operator, do agree to provide transportation to an appropriate medical resource in the event of emergency. In an emergency situation, other children in the facility will be supervised by a responsible adult. I will not administer any drug or any medication without specific instructions from the physician or the child's parent, guardian, or full-time custodian.

Signature of Administrator _____ Date _____

Child Immunization History

G.S. 130A-155. Submission of certificate to child care facility/G.S.130A-154. Certificate of immunization.

The parent/guardian must submit a certificate of immunization on child's first day of attendance

Child's full name:	Date of birth:
--------------------	----------------

Enter the date of each dose received (Month/Day/Year) or attach a copy of the immunization record.

Vaccine Type	Abbreviation	Trade Name	Combination Vaccines	1 date	2 date	3 date	4 date	5 date
Diphtheria, Tetanus, Pertussis	DTaP, DT, DTP	Infanrix, Daptacel	Pediarix, Pentacel, Kinrix					
Polio	IPV	IPOL	Pediarix, Pentacel, Kinrix					
Haemophilus influenza type B	Hib (PRP-T) Hib (PRP-OMP)	ActHIB, PedvaxHIB **, Hiberix	Pentacel					
Hepatitis B	HepB, HBV	Engerix-B, Recombivax HB	Pediarix					
Measles, Mumps, Rubella	MMR	MMR II	ProQuad					
Varicella/Chicken Pox	Var	Varivax	ProQuad					
Pneumococcal Conjugate*	PCV, PCV13, PPSV23***	Pprevnar 13, Pneumovax***						

*Required by state law for children born on or after 7/1/2015.

**3 shots of PedvaxHIB are equivalent to 4 Hib doses. 4 doses are required if a child receives more than one brand of Hib shots.

***PPSV23 or Pneumovax is a different vaccine than Pprevnar 13 and may be seen in high risk children over age 2. These children would also have received Pprevnar 13.

Note: Children beyond their 5th birthday are not required to receive Hib or PCV vaccines.

Gray shaded boxes above indicate that the child should not have received any more doses of that vaccine.

Record updated by:	Date	Record updated by:	Date

Minimum State Vaccine Requirements for Child Care Entry

By This Age:	Children Need These Shots:						
3 months	1 DTaP	1 Polio		1 Hib	1 Hep B	1 PCV	
5 months	2 DTaP	2 Polio		2 Hib	2 Hep B	2 PCV	
7 months	3 DTaP	2 Polio		2-3 Hib**	2 Hep B	3 PCV

Influenza	Flu, IIV, LAIV	Fluzone, Fluarix, FluLaval, Flucelvax, FluMist, Afluria	Annually after age 6 months.					

Updated August 2019

THE LEARNING TREE

Discipline and Behavior Management Policy

Name of Facility: The Learning Tree Date Adopted 09/2019

No child shall be subjected to any form of corporate punishment. Praise and positive reinforcement are effective methods of the behavior management of children. When children receive positive, non-violent, and understanding interactions from adults and others, they develop good self-concepts, problem solving abilities, and self-discipline. Based on this belief of how children learn and develop values, this facility will practice the following age and developmentally appropriate discipline and behavior management policy:

We:

1. DO praise, reward, and encourage the children.
2. DO reason with and set limits for the children.
3. DO model appropriate behavior for the children.
4. DO modify the classroom environment to attempt to prevent problems before they occur.
5. DO listen to the children.
6. DO provide alternatives for inappropriate behavior to the children.
7. DO provide the children with natural and logical consequences of their behaviors.
8. DO treat the children as people and respect their needs, desires, and feelings.
9. DO ignore minor misbehaviors.
10. DO explain things to children on their level.
11. DO use short supervised periods of time-out sparingly.
12. DO stay consistent in our behavior management program.
13. DO use effective guidance and behavior management techniques that focus on a child's development.

We:

1. DO NOT handle children roughly in any way, including shaking, pushing, shoving, pinching, slapping, biting, kicking, or spanking.
2. DO NOT place children in a locked room, closet, or box or leave children alone in a room separated from staff.
3. DO NOT delegate discipline to another child.
4. DO NOT withhold food as punishment or give food as a means of reward.
5. DO NOT discipline for toileting accidents.
6. DO NOT discipline for not sleeping during rest period.
7. DO NOT discipline children by assigning chores that require contact with or use of hazardous materials, such as cleaning bathrooms, floors, or emptying diaper pails.
8. DO NOT withhold or require physical activity, such as running laps and doing push-ups, as punishment.
9. DO NOT yell at, shame, humiliate, frighten, threaten, or bully children.
10. DO NOT restrain children as a form of discipline unless the child's safety or the safety of others is at risk.

I, the undersigned parent or guardian of _____,
(child's full name)

do hereby state that I have read and received a copy of the facility's Discipline and Behavior Management Policy and that the facility's director/operator (or other designated staff member) has discussed the facility's Discipline and Behavior Management Policy with me.

Date of Child's Enrollment: _____

“Time-Out”

"Time-out" is the removal of a child for a short period of time (3 to 5 minutes) from a situation in which the child is misbehaving and has not responded to other discipline techniques. The "time-out" space, usually a chair, is located away from classroom activity but within the teacher's sight. During "time-out," the child has a chance to think about the misbehavior which led to his/her removal from the group. After a brief interval of no more than 5 minutes, the teacher discusses the incident and appropriate behavior with the child. When the child returns to the group, the incident is over and the child is treated with the same affection and respect shown the other children.

Space and Equipment

There are space requirements for indoor and outdoor environments that must be measured prior to licensure. Outdoor play space must be fenced. Indoor equipment must be clean, safe, well maintained, and developmentally appropriate. Indoor and outdoor equipment and furnishings must be child size, sturdy, and free of hazards that could injure children.

Licensed centers must also meet requirements in the following areas.

Staff Requirements

The administrator of a child care center must be at least 21 and have at least a North Carolina Early Childhood Administration Credential or its equivalent. Lead teachers in a child care center must be at least 18 and have at least a North Carolina Early Childhood Credential or its equivalent. If administrators and lead teachers do not meet this requirement, they must begin credential coursework within six months of being hired. Staff younger than 18 years of age must work under the direct supervision of staff 21 years of age or older. All staff must complete a minimum number of training hours, including ITS-SIDS training for any caregiver that works with infants 12 months of age or younger. All staff who work directly with children must have CPR and First Aid training, and at least one person who completed the training must be present at all times when children are in care. One staff must complete the Emergency Preparedness and Response (EPR) in Child Care training and create the EPR plan. All staff must also undergo a criminal background check initially, and every three years thereafter.

Staff/Child Ratios

Ratios are the number of staff required to supervise a certain number of children. Group size is the maximum number of children in one group. The minimum staff/child ratios and group sizes for single-age groups of children in centers are shown below and must be posted in each classroom. The staff/child ratios for multi-age groupings are outlined in the child care rules and require prior approval.

Age	Teacher: Child Ratio	Max Group Size
0-12 months	1:5	10
12-24 months	1:6	12
2 to 3 years old	1:10	20
3 to 4 years old	1:15	25
4 to 5 years old	1:20	25
5 years and older	1:25	25

Additional Staff/Child Ratio Information:

Centers located in a residence that are licensed for six to twelve children may keep up to three additional school-age children, depending on the ages of the other children in care. When the group has children of different ages, staff-child ratios and group size must be met for the youngest child in the group.

Reviewing Facility Information

From the Division's Child care Facility Search Site, the facility and visit documentation can be viewed. A public file is maintained in the Division's main office in Raleigh for every licensed center or family child care home. These files can be viewed during business hours (8 a.m. -5 p.m.) by contacting the Division at 919-814-6300 or 1-800-859-0829 or requested via the Division's web site at www.ncchildcare.ncdhhs.gov.

How to Report a Problem

North Carolina law requires staff from the Division of Child Development and Early Education to investigate a licensed family child care home or child care center when there has been a complaint. Child care providers who violate the law or rules may be issued an administrative action, fined and/or may have their licenses suspended or revoked.

Administrative actions must be posted in the facility. If you believe that a child care provider fails to meet the requirements described in this pamphlet, or if you have questions, please call the Division of Child Development and Early Education at 919-814-6300 or 1-800-859-0829.

HEALTH AND HUMAN SERVICES
Division of Child Development
and Early Education

Summary of the North Carolina Child Care Law and Rules (Center and FCCH)

Division of Child Development
and Early Education

North Carolina Department of
Health and Human Services
333 Six Forks Road
Raleigh, NC 27609

Child Care Commission
<https://ncchildcare.ncdhhs.gov/Home/Child-Care-Commission>

Revised January 2021

The North Carolina Department of Health and Human Services does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or provision of services.

What is Child Care?

The law defines child care as:

- three or more children under 13 years of age
- receiving care from a non-relative
- on a regular basis - at least once a week
- for more than four hours per day but less than 24 hours.

The North Carolina Department of Health and Human Services is responsible for regulating child care. This is done through the Division of Child Development and Early Education. The purpose of regulation is to protect the health, safety, and well-being of children while they are away from their parents. The law defining child care is in the North Carolina General Statutes, Article 7, Chapter 110.

The North Carolina Child Care Commission is responsible for adopting rules to carry out the law. Some counties and cities in North Carolina also have local zoning requirements for child care programs.

Family Child Care Homes

A family child care home is licensed to care for five or fewer preschool age children, including their own preschool children, and can include three additional school-age children. The provider's own school-age children are not counted. Family child care home operators must be 21 years old and have a high school education or its equivalent. Family child care homes will be visited at least annually to make sure they are following the law and to receive technical assistance from child care consultants. Licenses are issued to family child care home providers who meet the following requirements:

Child Care Centers

License as a center is required when six or more preschool children are cared for in a residence or when three or more children are in care in a building other than a residence. Religious-sponsored programs are exempt from some of the regulations described below if they choose to meet the standards of the Notice of Compliance rather than the Star Rated License. Recreational programs that operate for less than four consecutive months, such as summer camps, are exempt from licensing. Child care centers may voluntarily meet higher standards and receive a license with a higher rating. Centers will be visited at least annually to make sure they are following the law and to receive technical assistance from child care consultants.

Parental Rights

- Parents have the right to enter a family child care home or center at any time while their child is present.
 - Parents have the right to see the license displayed in a prominent place.
 - Parents have the right to know how their child will be disciplined.
- The laws and rules are developed to establish minimum requirements. Most parents would like more than minimum care. Local Child Care Resource and Referral agencies can provide help in choosing quality care. Check the telephone

directory or talk with a child care provider to see if there is a Child Care Resource and Referral agency in your community. For more information, visit the Resources page located on the Child Care website at: <https://ncchildcare.ncdhs.gov/>. For more information on the law and rules, contact the Division of Child Development and Early Education at 919 814-6300 or 1-800-859-0829 (In State Only), or visit our homepage at: <https://ncchildcare.ncdhs.gov/>.

Child Abuse, Neglect, or Maltreatment

Every citizen has a responsibility to report suspected child abuse, neglect or maltreatment. This occurs when a parent or caregiver injures or allows another to injure a child physically or emotionally. It may also occur when a parent or caregiver puts a child at risk of serious injury or allows another to put a child at risk of serious injury. It also occurs when a child does not receive proper care, supervision, appropriate discipline, or when a child is abandoned. North Carolina law requires any person who suspects child maltreatment at a child care facility to report the situation to the Intake Unit at Division of Child Development and Early Education at 919-814-6300 or 1-800-859-0829. Reports can be made anonymously. A person cannot be held liable for a report made in good faith. The operator of the program must notify parents of children currently enrolled in writing of the substantiation of any maltreatment complaint or the issuance of any administrative action against the child care facility. North Carolina law requires any person who suspects child abuse or neglect in a family to report the case to the county department of social services.

Transportation

Child care centers or family child care homes providing transportation for children must meet all motor vehicle laws, including inspection, insurance, license, and restraint requirements. Children may never be left alone in a vehicle and child-staff ratios must be maintained.

Record Requirements

Centers and homes must keep accurate records such as children's, staff, and program. A record of monthly fire drills and quarterly shelter-in-place or lockdown drills practiced must also be maintained. A safe sleep policy must be developed and shared with parents if children younger than 12 months are in care. Prevention of shaken baby syndrome and abusive head trauma policy must be developed and shared with parents of children up to five years of age.

Discipline and Behavior Management

Each program must have a written policy on discipline, must discuss it with parents, and must give parents a copy when the child is enrolled. Changes in the discipline policy must be shared with parents in writing before going into effect. Corporal punishment (spanking, slapping, or other physical discipline) is prohibited in all centers and family child care homes. Religious-sponsored programs which notify the Division of Child Development and Early Education that corporal punishment is part of their religious training are exempt from that part of the law.

Training Requirements

Center and family child care home staff must have current CPR and First Aid certification, TT-SIDS training (if caring for infants, 0 to 12 months), prior to caring for children and every three years thereafter. Emergency Preparedness and Response (EPR) in Child Care training is required and each facility must also create an EPR plan. Center and home staff must also complete a minimum number of health and safety training as well as annual ongoing training hours.

Curriculum and Activities

Four- and five-star programs must use an approved curriculum in classrooms serving four-year-olds. Other programs may choose to use an approved curriculum to get a quality point for the star-rated license. Activity plans and schedule must be available to parents and must show a balance of active and quiet, and indoor and outdoor activities. A written activity plan that includes activities intended to stimulate the development domains, in accordance with North Carolina Foundations for Early Learning and Development. Rooms must be arranged to encourage children to explore, use materials on their own and have choices.

Health and Safety

Children must be immunized on schedule. Each licensed family child care home and center must ensure the health and safety of children by sanitizing areas and equipment used by children. For Centers and FCHs, meals and snacks must be nutritious and meet the Meal Patterns for Children in Child Care. Food must be offered at least once every four hours. Local health, building, and fire inspectors visit licensed centers to make sure standards are met. All children must be allowed to play outdoors each day (weather permitting) for at least an hour a day for preschool children and at least thirty minutes a day for children under two. Children must have space and time provided for rest.

Two through Five Star Rated License

Centers and family child care homes that are meeting the minimum licensing requirements will receive a one-star license. Programs that choose to voluntarily meet higher standards can apply for a two through five-star license. The number of stars a program earns is based upon the education levels their staff meet and the program standards met by the program, and one quality point option.

Criminal Background Checks

All staff must undergo a criminal background check initially, and every three years thereafter. This requirement includes household members who are over the age of 15 in family child care homes.

THE LEARNING TREE

Illness Policy

To protect all children attending THE LEARNING TREE it is our policy to send home children with visible symptoms of what appears to be a contagious or serious illness. Certain symptoms in children may suggest the presence of a communicable disease. Children who have the following symptoms will be excluded from the program until one of the following criteria has been met:

- 1) A physician has certified the symptoms are not associated with an infectious agent or they are no longer a threat to the health of other children **OR**
- 2) The beginning of the next business day after being symptoms free for 24 hours

**Please note: "symptoms free" refers to any illness that results in temporary program exclusion, not just the illness that originally caused the child to be excluded from the program - because the child is still sick and contagious!

If a child becomes sick at the center, he or she will be closely monitored in the office area and the parent will be notified and asked to pick the child up immediately, not to exceed one (1) hour of elapsed time. In the event the parent cannot be reached or cannot pick up the child within one (1) hour, an emergency contact will be notified to pick up the child.

The following is a list of symptoms that would require your child to be excluded from the program:

Fever:

If the child has an auxiliary or oral temperature of 100 degrees or higher (for any reason) the child would be excluded; especially if accompanied by other symptoms such as vomiting, sore throat, diarrhea, headache and stiff neck or undiagnosed rash.

Respiratory Symptoms:

If the child has difficult or rapid breathing or severe coughing: child makes high-pitched croupy or whooping sound after he coughs, or child is unable to lie comfortably due to continuous cough the child would be excluded.

Diarrhea:

If the child has an increased number of abnormally loose stools in the previous 24 hours the child will be excluded. We will also observe the child for other symptoms such as fever, abdominal pain or vomiting.

Vomiting:

If the child has two or more episodes of vomiting within the previous 24 hours the child will be excluded. If the child has other symptoms as well the child could be excluded after one episode of vomiting.

Eye/Nose Drainage:

If the child has thick mucus or pus draining from the eye or nose the child would be excluded.

Sore Throat:

If the child complains of a sore throat, especially when fever or swollen glands in the neck are present the child will be excluded.

Skin Problems:

If the child has a Rash either undiagnosed or contagious the child will be excluded. Infected sores; sores with crusty, yellow or green drainage which cannot be covered by clothing or bandages even if not contagious would require the child to be excluded until the sores could be covered.

Itching:

If the child has persistent itching (or scratching) of body or scalp the child will be excluded. (Including lice even if itching is not present. If a child has contracted lice, the child will be excluded until the child is nit free)

Appearance/Behavior:

If the child looks or acts differently: unusually tired, pale, lacking appetite, confused, irritable, difficult to awaken you will be notified for further evaluation by a doctor.

I, the undersigned parent or guardian of _____ (child's full name), do hereby state that I have read and received a copy of THE LEARNING TREE'S Illness policy and that the director/coordinator (or other designated staff member) has discussed the Policy with me.
